

# Conga CPQ October23.12.15 Release

## Notes

# Table of Contents

- Packages..... 4
- System Requirements and Supported Platforms.....7
- New Features..... 9
- Enhancements.....10
- Data Model Changes.....11
- Fixed Issues.....12
- Known Issues .....13

In these release notes, you can find packages, requirements, features, enhancements, fixed issues, and known issues for the CPQ October23.12.15 release. For documentation updates, see [What's New in CPQ Documentation](#).

 This documentation may describe optional features for which you have not purchased a license; therefore your solution or implementation may differ from what is described here. Contact your Customer Success Manager (CSM) or Account Executive (AE) to discuss your specific features and licensing.

# Packages

The following packages and dependencies are required to upgrade to this release and use its new features. These are the *minimum* required versions; later versions are also supported. Prerequisites for each feature can be found in its documentation. Packages marked **(New)** are new for this release.

**i** You can register your org for the Conga Upgrade Program. Conga Upgrade Program is an automated tool that upgrades packages available in your Salesforce org (Production or Sandbox) to the latest versions. In addition, it also ensures all the Conga published managed packages are on the latest versions for your registered orgs. For more information, see [Registering for Conga Upgrade Program](#).

Package	Latest Certified Version Name	Latest Certified Version Number
Conga Approvals <b>(New)</b> (Required if you are using Approvals)	14.2.379	14.379.10

Conga Quote Echosign Integration (You must install the latest Adobe Sign package to use this package)	3.1.17	3.17
Conga Quote Management (Required if you are using Proposal Management)	13.2.0267	13.267

 Salesforce recommends that users leverage Flows as they offer more flexibility and robust capabilities compared to Workflow Rules and Process Builders. To ensure a smooth transition from Workflow Rules and Process Builders to Flows, as Salesforce is moving away from Workflow Rules, you must deactivate any existing Workflow Rules. After you have installed the latest CPQ package in your org, you must deactivate the following Workflows:

- Set Original Order Line Number
- Set Original Order Number
- Search Field Update
- Set Incentive Code
- Set Incentive Number

To deactivate workflows:

- Salesforce Classic users, **Setup > App Setup > Create > Workflow & Approvals > Workflow Rules** > Click **Deactivate** next to the workflow.
- Salesforce Lightning Users, **Setup > Platform Tools > Process Automation > Workflow Rules** > Click **Deactivate** next to the workflow.

 For more information on installing Conga managed packages, refer to [Installing CPQ Packages](#). For more information on upgrading Conga managed packages, refer to [Upgrading CPQ](#).

# System Requirements and Supported Platforms

For information pertaining to the requirements and recommendations you must consider before you proceed with the installation of the Conga product, see [System Requirements and Supported Platforms Matrix](#).

## Upgrade Notes

For more information on the prerequisites and post-upgrade tasks, see [Upgrading CPQ](#).

⚠ Before you upgrade the CPQ packages in your org to June '23 release, please note the following points:

- If the CPQ package in your org is on any of the following releases, you must upgrade it to the Winter '20 patch (Winter20.02.26) before upgrading it to June '23 release:

Release	Package
Spring '20 or earlier release	Packages older than <b>12.0.1719</b>   <b>12.1719</b>
Summer '20 patch older than Summer20.02.26	Packages older than <b>12.1.1787.99</b>   <b>12.1787.99</b>
Winter '20 patch older than Winter20.02.26	Packages older than <b>12.2.1839.48</b>   <b>12.1839.48</b>

- If the CPQ package in your org is on any of the following releases, you can directly upgrade it to June '23 release:

Release	Package
Latest Summer '20 patch (Summer20.02.26 or later)	<b>12.0.1719</b>   <b>12.1719</b> or later
Latest Winter '20 patch (Winter20.02.26 or later)	<b>12.2.1839.48</b>   <b>12.1839.48</b> or later
Spring '21 and any Spring '21 patches	<b>13.0.1882</b>   <b>13.1882</b> or later
Summer '21 and any Summer '21 patches	<b>13.1.1921</b>   <b>13.1921</b> or later
December '21 and any December '21 patches	<b>13.2.1969</b>   <b>13.1969</b> or later

Release	Package
May '22 and any May '22 patches	14.0.1995   14.1995 or later
September '22 and any September '22 patches	14.1.2038   14.2038 or later
February '23 and any February '23 patches	15.0.2061   15.2061 or later
June '23 and any June '23 patches	15.1.2090   15.2090 or later
October '23 and any October '23 patches	

# New Features

There are no new features in this release. Keep checking the Conga documentation portal for updates.

# Enhancements

There are no enhancements in this release.

# Data Model Changes

There are no data model changes in this release.

## Fixed Issues

The following table lists the issues fixed in this release. If any actions are required, they will be listed in this table.

Cas e Num ber	Conga Intern al ID	Description
0086 6446	CPQ-75 901	In CPQ Admin, when editing existing CPQ criteria with a picklist field shared between Product and Product Attribute Value (PAV), the value displayed is from the Product field, not PAV.
0086 8552	CPQ-76 294	When you create a new collaboration request for the same line item after completing and accepting the previous request, a validation error occurs on the cart. <i>Error message: "The collaboration request has already been created for the selected line items."</i>
0086 8345	CPQ-76 258	In CPQ Admin, when adding an option group to a bundle within a nested scenario, the Min and Max values for sibling option groups are incorrectly changed to 1, even if null values are initially set.

# Known Issues

The following table provides the cumulative list of known issues up to this release.

Conga Internal ID	Description
CPQ-5402 2	Turbo Integrations: Attribute-based pricing is not working for Numeric Expression.

DOC ID: CPQOCT23PRN20231215
