System Requirements	
Item	Requirement
Operating System	Standard Salesforce.com requirements. See Salesforce PDF .
Browser	<ul style="list-style-type: none">• Google Chrome• Microsoft Edge• Mozilla Firefox• Apple Safari on Mac OS X

Feature Summary

This release introduces the following updates:

- [Custom Batch Job Size for Processing Agreements](#)
- [Enhancement to the Revenue Forecast Batch Job](#)

Custom Batch Job Size for Processing Agreements

Apttus Revenue Recognition introduces a new custom setting, Batch Job Size. With this functionality, you can specify the number of Agreements to process in a given batch for the various Revenue Recognition batch jobs. You can process a maximum of 500 Agreements in one batch job.

Get Started

For details on Custom Batch Job Size, refer to [Apttus Revenue Recognition System Properties](#).

Enhancement to the Revenue Forecast Batch Job

Apttus Revenue Recognition is enhancing Forecast Batch Job to exclude Agreement Fees with RevRec Rule as Percent Complete. This functionality is useful for service products where revenue is recognized immediately once a milestone is reached.

Get Started

For details on Revenue Forecast Batch Job, refer to [Managing Forecast Revenue using Revenue Console](#).

Data Model Changes

This release does not entail any changes to the Data Model.

Resolved Issues

The following table represents resolved issues on release dated: 29 September 2017.

Case Number	Description	Apttus Internal ID
Revenue Management v5.118		
215431	Agreement Revenue Schedules were created with the USD currency code or the default currency code instead of the currency associated with the Agreement Fees. This issue is now resolved. The Agreement Revenue Schedules are now created with the currency associated with the Agreement Fees.	REV-301

Known Issues

There are no known issues in this release.

Apttus Copyright Disclaimer

This document may describe certain features and functionality of software that Apttus makes available for use under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not, in any form, or by any means, use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part of the software. Reverse engineering, disassembly, decompilation of, or the creation of derivative work(s) from, the software is strictly prohibited. Additionally, this document may contain descriptions of software modules that are optional and for which you may not have purchased a license. As a result, your specific software solution and/or implementation may differ from those described in this document.

U.S. GOVERNMENT END USERS: Apttus software, including any operating system(s), integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

Neither the software nor the documentation were developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Apttus and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.
