Apttus Custom Approvals Management (Required if you are using Apttus Objects or other Salesforce Standard /Custom Objects)	1.0

## Resolved Issues

The following table represents resolved issues on the IWA SFDC Spring 2017 Patch 1 release.

Case Number	Description	Apttus Internal ID
208844	<p>Adding an approver manually with an apostrophe in the name displayed a Javascript error for an approval request.</p> <p>This issue is now resolved. Adding an approver with an apostrophe does not display any error.</p>	AWA-1628
212787	<p>For an agreement record, clicking <b>Preview</b> button did not create an approval request record and caused an error.</p> <p>This issue is now resolved. The <b>Preview</b> button is functional to create more than 2000 approval rule entries in an approval request for an agreement record.</p>	AWA-1693

# Known Issues

This patch release has the following known issues.

<b>Apttus Internal ID</b>	<b>Description</b>
AWA-1368	When the same user is assigned as a Backup Admin to an approver and as a parallel Ad hoc approver, the approval request is shown in both the My Approvals tab as well as in the Take Ownership tab.
AWA-1603	All Delegate approvers are displayed for requests assigned to Queue and Roles.
AWA-1605	Approval Request page is distorted when multiple Delegate IDs are stored in the Delegate Approvers Field.
AWA-1651	When you approve 41 requests simultaneously from the My Approvals page, the approval request takes time and the page hangs.

Copyright © 2017 Apttus Corporation (“Apttus”) and/or its affiliates. All rights reserved.

No part of this document, or any information linked to or referenced herein, may be reproduced, distributed, or transmitted in any form or by any means, including photocopying, recording, or other electronic or mechanical methods, without the prior written consent of Apttus. All information contained herein is subject to change without notice and is not warranted to be error free.

This document may describe certain features and functionality of software that Apttus makes available for use under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not, in any form, or by any means, use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part of the software. Reverse engineering, disassembly, decompilation of, or the

creation of derivative work(s) from, the software is strictly prohibited. Additionally, this document may contain descriptions of software modules that are optional and for which you may not have purchased a license. As a result, your specific software solution and/or implementation may differ from those described in this document.

U.S. GOVERNMENT END USERS: Apttus software, including any operating system(s), integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

Neither the software nor the documentation were developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Apttus and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Apttus and X-Author are registered trademarks of Apttus and/or its affiliates.

The documentation and/or software may provide links to Web sites and access to content, products, and services from third parties. Apttus is not responsible for the availability of, or any content provided by third parties. You bear all risks associated with the use of such content. If you choose to purchase any products or services from a third party, the relationship is directly between you and the third party. Apttus is not responsible for: (a) the quality of third-party products or services; or (b) fulfilling any of the terms of the agreement with the third party, including delivery of products or services and warranty obligations related to purchased products or services. Apttus is not responsible for any loss or damage of any sort that you may incur from dealing with any third party.
