Resolved Issues

This section contains a list of resolved issues for this release.

Case Number	Description	Apttus Internal ID
215187	When a Partner User submitted a quote for approval and clicked the Return button, the login page appeared. This issue is now resolved. Clicking the Return button navigates back to the Quote as designed.	AWA-1730
19870198	Creating or modifying an Approval Step in an existing Approval Process displayed Insufficient Privileges error. This issue is now resolved. You can create or modify an Approval Step in an existing Approval Process successfully.	AWA-1841

Known Issues

This patch release has the following known issues.

Apttus Internal ID	Description
AWA-1368	When the same user is assigned as a Backup Admin to an approver and as a parallel Ad hoc approver, the approval request is shown in both the My Approvals tab as well as in the Take Ownership tab.
AWA-1603	All Delegate approvers are displayed for requests assigned to Queue and Roles.
AWA-1605	Approval Request page is distorted when multiple Delegate IDs are stored in the Delegate Approvers Field.
AWA-1651	When you approve 41 requests simultaneously from the My Approvals page, the approval request takes time and the page hangs.

creation of derivative work(s) from, the software is strictly prohibited. Additionally, this document may contain descriptions of software modules that are optional and for which you may not have purchased a license. As a result, your specific software solution and/or implementation may differ from those described in this document.

U.S. GOVERNMENT END USERS: Apttus software, including any operating system(s), integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

Neither the software nor the documentation were developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Apttus and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Apttus and X-Author are registered trademarks of Apttus and/or its affiliates.

The documentation and/or software may provide links to Web sites and access to content, products, and services from third parties. Apttus is not responsible for the availability of, or any content provided by third parties. You bear all risks associated with the use of such content. If you choose to purchase any products or services from a third party, the relationship is directly between you and the third party. Apttus is not responsible for: (a) the quality of third-party products or services; or (b) fulfilling any of the terms of the agreement with the third party, including delivery of products or services and warranty obligations related to purchased products or services. Apttus is not responsible for any loss or damage of any sort that you may incur from dealing with any third party.
