## Data Model Changes

This release does not entail any changes to the Data Model.

## Feature Summary

There are no new features in this release.

## Resolved Issues

The following table represents resolved issues in the current release.

Case Number	Description	Apttus Internal ID
203441	<p>When a user tried to add a new DocuSign recipient using <b>New eSigner - Agreement</b>, he was not redirected back to the agreement record page. The error was observed especially in Salesforce Lightning Experience.</p> <p>This issue is now resolved. The user is now redirected back to the agreement record after adding a new DocuSign recipient using the <b>New eSigner - Agreement</b> button.</p> <div style="border: 1px solid #ccc; padding: 10px; margin-top: 10px;"> <p> Apttus recommends you to use custom button <b>New eSigner - Agreement</b> when working in Classic mode and to use default <b>New</b> button when working in Lightning Experience enabled mode.</p> </div>	DSIGN-443
207911	<p>When a user tried to enter a non-authorized DocuSign recipient using <b>New eSigner - Agreement</b>, the edit window showed an error. Closing the edit window created a new DocuSign recipient entry with a blank name and email.</p> <p>This issue is now resolved. The system no longer creates a new DocuSign recipient entry with blank name and email.</p>	DSIGN-490
215628	<p>For an agreement record, if a user clicked <b>Finalize in DocuSign</b> without selecting any recipients the system returned an error.</p> <p>This issue is now resolved. The user can now click <b>Finalize in DocuSign</b> without selecting any recipients.</p>	DSIGN-500

## Known Issues

There are no known Issues in this release.

## Apttus Copyright Disclaimer

Copyright © 2018 Apttus Corporation (“Apttus”) and/or its affiliates. All rights reserved.

No part of this document, or any information linked to or referenced herein, may be reproduced, distributed, or transmitted in any form or by any means, including photocopying, recording, or other electronic or mechanical methods, without the prior written consent of Apttus. All information contained herein is subject to change without notice and is not warranted to be error free.

This document may describe certain features and functionality of software that Apttus makes available for use under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not, in any form, or by any means, use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part of the software. Reverse engineering, disassembly, decompilation of, or the creation of derivative work(s) from, the software is strictly prohibited. Additionally, this document may contain descriptions of software modules that are optional and for which you may not have purchased a license. As a result, your specific software solution and/or implementation may differ from those described in this document.

**U.S. GOVERNMENT END USERS:** Apttus software, including any operating system(s), integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

Neither the software nor the documentation were developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Apttus and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Apttus and X-Author are registered trademarks of Apttus and/or its affiliates.

The documentation and/or software may provide links to Web sites and access to content, products, and services from third parties. Apttus is not responsible for the availability of, or any content provided by third parties. You bear all risks associated with the use of such content. If you choose to purchase any products or services from a third party, the relationship is directly between you and the third party. Apttus is not responsible for: (a) the quality of third-party products or services; or (b) fulfilling any of the terms of the agreement with the third party, including delivery of products or services and warranty obligations related to purchased products or services. Apttus is not responsible for any loss or damage of any sort that you may incur from dealing with any third party.
