

**Conga Composer 8.20.247 - August 17th,
2020**

Table of Contents

New Features and Enhancements 4

Issues Resolved 5

The article includes the Release Notes for Conga Composer 8.20.247.

New Features and Enhancements

- [External data](#) queries now support pv functionality (pass value) to allow for users to filter and gather data specific to certain Salesforce records. For more information, see [Build Your External Data Composer Solution](#).

Issues Resolved

- The SUM(ABOVE) Word [function](#) calculates the correct amount and currency when using an EU culture code for the [Culture parameter](#), or if a user locale is set to a value in the EU, in a Composer solution that merges multiple templates with the [AWD parameter](#). Previously, the SUM(ABOVE) output did not calculate the correct output in the use case described above.
- Images merged with a URL from a Salesforce file display successfully in output documents generated by a [Batch list view solution in Salesforce Lightning](#). Previously, images merged from a Salesforce file's URL did not display in the output document.
- Batch solutions integrated with Conga Grid and Conga Sign to generate multiple documents and send them with Conga Sign execute as expected. Previously, an error message occurred when attempting to generate and send multiple documents with Batch and Conga Sign from Conga Grid.
- Users can successfully enable and disable the Enable Notification Emails setting in Conga Composer Setup. Previously, an issue prevented users from enabling or disabling the setting.

This document may describe certain features and functionality of software that Conga makes available for use under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not, in any form, or by any means, use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part of the software. Reverse engineering, disassembly, decompilation of, or the creation of derivative work(s) from, the software is strictly prohibited. Additionally, this document may contain descriptions of software modules that are optional and for which you may not have purchased a license. As a result, your specific software solution and/or implementation may differ from those described in this document.

U.S. GOVERNMENT END USERS: Conga software, including any operating system(s), integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

Neither the software nor the documentation were developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Conga and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Apttus, AI Analyze, Conga, Conga AI, Conga AI Discover, Conga Batch, Conga Collaborate, Conga Composer, Conga Conductor, Conga Connect, Conga Courier, Conga Grid, Conga Mail Merge, Conga Merge, Conga Orchestrate, Conga Sign, Conga Trigger, Digital Document Transformation, True-Up, and X-Author are registered trademarks of Conga and/or its affiliates.

The documentation and/or software may provide links to web sites and access to content, products, and services from third parties. Conga is not responsible for the availability of, or any content provided by third parties. You bear all risks associated with the use of such content. If you choose to purchase any products or services from a third party, the relationship is directly between you and the third party. Conga is not responsible for: (a) the quality of third-party products or services; or (b) fulfilling any of the terms of the agreement with the third party, including delivery of products or services and warranty obligations related to purchased products or services. Conga is not responsible for any loss or damage of any sort that you may incur from dealing with any third party.
