In these release notes, you can find packages, requirements, features, enhancements, fixed issues, and known issues for the Conga Revenue Lifecycle Platform 202406.2.0 release. For documentation updates, see [What's New in Conga Revenue Lifecycle Platform](#).

 This documentation may describe optional features for which you have not purchased a license; therefore, your solution or implementation may differ from what is described here. Contact your Customer Success Manager (CSM) or Account Executive (AE) to discuss your specific features and licensing.

## New Features and Enhancements

In this release, the Conga Revenue Lifecycle Platform offers the following new features and enhancements.

### Field Metadata Information

The following endpoints are now available under Schema Manager > Object Metadata. These endpoints provide metadata information for a specific field and its dependent fields.

- GET /api/metadata/v1/objects/{objectName}/fields/{fieldName}
- GET /api/metadata/v1/objects/{objectName}/fields/{fieldName}/dependency-fields

For more information, see the [Developer Hub](#).

### Workflows: User Interface Enhancements

Enhanced the layout of the Workflow Definition Detail and Workflow Instances screens to improve the user experience. For more information, see [Creating Workflows](#).

### Reporting and Dashboard: Data Migration

You can now perform a one-time migration of existing tenant data from the Organization Detail to make reporting data available. For more information, see [Reporting and Dashboards](#).

# Fixed Issues

The following issues are fixed in this release. If any actions are required, they will be listed in this table.

Case Number	Conga Internal ID	Description
NA	EU-1611	When you create a dependent picklist record that includes commas in the dependent picklist value, the record fails to save.
00894908	PLATFORM-15280	Email notifications are not being triggered properly and users are not receiving emails.

# Known Issues

There are no known issues in this release.

DOC ID: RLP202406.2.0RN20240708

This document may describe certain features and functionality of software that Conga makes available for use under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not, in any form, or by any means, use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part of the software. Reverse engineering, disassembly, decompilation of, or the creation of derivative work(s) from, the software is strictly prohibited. Additionally, this document may contain descriptions of software modules that are optional and for which you may not have purchased a license. As a result, your specific software solution and/or implementation may differ from those described in this document.

U.S. GOVERNMENT END USERS: Conga software, including any operating system(s), integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are “commercial computer software” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

Neither the software nor the documentation were developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Conga and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Apttus, AI Analyze, Conga, Conga AI, Conga AI Discover, Conga Batch, Conga Collaborate, Conga Composer, Conga Conductor, Conga Connect, Conga Courier, Conga Grid, Conga Mail Merge, Conga Merge, Conga Orchestrate, Conga Sign, Conga Trigger, Digital Document Transformation, True-Up, and X-Author are registered trademarks of Conga and/or its affiliates.

The documentation and/or software may provide links to web sites and access to content, products, and services from third parties. Conga is not responsible for the availability of, or any content provided by third parties. You bear all risks associated with the use of such content. If you choose to purchase any products or services from a third party, the relationship is directly between you and the third party. Conga is not responsible for: (a) the quality of third-party products or services; or (b) fulfilling any of the terms of the agreement with the third party, including delivery of products or services and warranty obligations related to purchased products or services. Conga is not responsible for any loss or damage of any sort that you may incur from dealing with any third party.
